

Regents Committee Minutes – Spring 2017

- Outstanding Chapter Awards
 - It would be beneficial to let non-recipients of the Outstanding Chapter Awards know what they may need to do to improve their applications to increase their chances of winning should they re-apply
 - Put a sample winner application on the website for chapters to use as an example of what an application should include
- Annual Survey
 - Find a way to allow chapters to print/export their chapter survey when they finish instead of having to do a screen-shot of each page.
 - Annual Survey will go out by April 14, deadline to apply for Outstanding Chapter Award is June 15, and deadline to submit annual report is July 1
 - Add a question to the end of survey asking if the chapter plans to apply for the OCA so the CO can follow up with an email to the Chapter Sponsor
- Communication with Chapters within Regions
 - Explore the use of Readytalk for conference calling- work with CO to see if it is feasible to set up through CO for all Regents to use
 - Ami has created a listserv for the far west and plans to do state by state conference calls, explore possibility for utilization within other regions
- Misc
 - Alumni is working on setting up a mentoring program with alumni reaching out to specific schools in their area to build/reinvigorate chapters
 - Utilize Dropbox: ask CO set one up a dropbox folder to include word doc templates for regents to use to reach out to inactive or possible going inactive chapters, or other communications. Some templates exist in the Regents handbook, but they are not as accessible because they are in a pdf.
