### OBJECTIVES

- Open with call to order and general check-ins.
- SLs share convention updates.
- Regents share SL Recruitment updates.
- Leave time for regional meetings, especially to go over how the regional breakouts will be run after the business meeting on Friday.

### AGENDA

#### Call to Order

- Welcome to our joint committee meeting!
- Is everyone ready for the first official day of convention!?

#### SL Convention Updates

- Throughout the month of December, we had two task forces working independently to start the planning for both our Workshop and Trivia Events, both to be held at convention.
  - Workshop (Thursday, 8 am, Arch View Ballroom (2))
    - We have 8 workshops prepared, along with a bingo style sheet to help encourage participants to move between the different stations.
  - Trivia (Friday, 8 pm, Salon A-D (2))
    - Similar to last year, there will be 3 rounds of trivia at 30 questions each.
    - The Kahoot! is set up and ready, the door prizes are organized (Thanks, Katie!), and we have a flyer with a QR code that will lead participants to the signup page in the app.
  - Please encourage your students and others to attend both events!
- We are also ready to host the Student Social Salon during common hours, many of us have worked to prepare introductions for our various visiting writers, and we have coordinated social media coverage for the Society’s various sites throughout the week.
  - Speaking of social media – our Regional Instagram accounts are up and running!

- If you have not been in touch with your Student Leaders about this, please follow the pages (with both personal or chapter accounts if possible) and encourage your students to do the same.

#### Regent Recruitment Updates

- Regents discuss recruitment strategies, including the use of a QR code distributed at the Advisor's Workshop and in the regional breakouts.
- Note about the unofficial recruiting that happens when students see the SLs working at convention.

#### Additional Updates

- Please sign up yourself to work the registration table if you have time or encourage your chapter members and friends to do so.
  - They can sign up at the following link:
- Leigh thanked everyone who both mentored for and signed up to participate in Research in the Round.
- Katie and Jeannine shared information that should be shared with participants during the regional breakouts after the business meeting.

#### Regional Breakouts

- Take what time is left and check in with the other members of your region.
- It might be especially, particularly for those who have not attended convention before, to briefly go over how your regional breakout meeting will be run if you have not already done so.
- Far West shared that they want to try to up their Instagram following to at least 150 people by the end of convention.
  - Autumn suggested having a contest to see which region can gain the most followers during the week.

#### Meeting Adjourned

- Members of both committees welcomed and encouraged to ask any questions, comments, or concerns that were not prompted throughout the rest of the meeting.
